Madison Lahey Kristine Leggett Katherine Tamer Fiscal Research Division Madison.lahey@ncleg.net Kristine.Leggett@ncleg.net Katherine.Tamer@ncleg.net

Dear Ms Lahey, Ms. Leggett and Ms. Tamer,

Please find the fiscal year 2019-2020 annual report for High Point Market Authority attached. I have attached High Point Market's FY 2018--2019 audit as our FY 2019-2020 audit is still in progress with an estimated completion date of 10/15/20. I will forward a copy for your files when received.

Thank you for the past and present support of High Point Market Authority. The funds received are crucial to our budget and enables us to continue to grow, strengthen and promote High Point Market, the State of North Carolina's largest economic impactor. This report certifies that State financial assistance received or held was used for the purposes for which it is awarded.

If you have any questions, please don't hesitate to contact me at tammy@highpointmarket.org or 336.888.3222.

Sincerely,

Tammy C. Nagem

Janny C. Nagin

Chief Operating Officer

High Point International Furnishings Market Authority (d/b/a High Point Market Authority)

FY2018-19 High Point Market Activities, Objectives and Accomplishments; Itemized Expenditures & Funding Sources

Citation of Law or Resolution:

Session Law 2017-57

Chairs of the Senate Appropriations Committee on ANER NC Department of Commerce Fiscal Management Division Fiscal Research Division

Chairs of the House Appropriations on AGNER

Submitting entity: High Point Market Authority

Founded in 1909 in High Point, NC, the High Point Market was formed to provide the region's furniture makers and retailers with a convenient venue to conduct business. Today, the home furnishings industry is far different from the small, regionalized sector of the economy it was over 100 years ago – and High Point Market has grown right along with it, becoming the largest, most well-known, and most important furnishings industry trade show in the world. With 12 million square feet of showroom space, the market has a \$6.73 billion annual impact on the state of North Carolina. Here are some leading facts about the High Point Market.

ECONOMIC IMPACT OF THE HIGH POINT MARKET

The funding that we receive from the state of North Carolina is an investment that yields an incredible return for the state itself, as evidenced by the recent findings of the Duke University Study, released in January 2019:

- It is North Carolina's biggest economic event and represents 1.3% of the total gross state product (GSP) with an annual impact of over \$6.73 billion. This includes \$616 million in tax revenue across all levels of government, \$202 million of that at the state and local levels.
- \$2.9 million investment (funding from NCDOT and NCDOC) generates an ROI of more than \$40 million in state tax dollars, through sales tax from hotels, restaurants, goods and services used by our 150,000 visitors each year.
- The High Point Market also utilizes the support of the local city and county governments, as well as showroom tax from the approximately 2,000 exhibitors. The City of High Point contributes \$1 million annually, Guilford County contributes \$75,000 annually, and Market exhibitors have also contributed \$1.5 million each year through a self-taxing stream.
- The Market supports a total of 42,427 jobs across all the industry sectors stimulated. Of the 25,014 direct jobs created by Market related activities, the largest share accrues to manufacturing and related sectors (i.e. distribution, accessories).

The 2019 study represented a \$1.34 million increase in annual economic impact from the 2013 study. The study focused only on economic impactors directly connected to High Point Market, not the home furnishings industry as a whole. The study area is defined as all counties within the 75-mile radius from downtown High Point, which included 22 counties in North Carolina and 8 counties in Virginia.

Due to the ongoing pandemic and the rippling economic impacts it is having, funding for the 2019-20 fiscal year changed somewhat from the report's numbers listed above. Due to a budget shortfall, the City of High Point reduced our funding by \$300,000. On the flip side, thanks to the efforts of the Market Authority staff and certain elected officials, Guilford County increased their funding support from \$75,000 to \$125,000 beginning with this fiscal year.

HIGH POINT MARKET BY THE NUMBERS

- Market brings approximately 150,000 people from over 100 countries to High Point every year, all of whom contribute to the local economy through hotels, car rentals, restaurants, retail stores, taxis, home rentals, caterers, musicians, and more.
- This single event has the largest concentration of international visitors of any event in the state in a one-week period.
- The Market district includes 180 buildings and 12 million square feet of showroom space.
- There are approximately 2,000 exhibitors, showcasing tens of thousands of products every April and October.
- The High Point Market has been a stable force in North Carolina for 110 years and is truly the world's home for home furnishings.

While the Fall 2019 High Point Market was executed as planned, reflecting the numbers above, the Spring 2020 Market was, sadly, postponed and then later canceled due to the ongoing global COVID-19 pandemic. Prior to 2020, Market had not been canceled since WW II, the only other time in its history that this has occurred.

THE MARKET AUTHORITY'S ROLE

The High Point Market Authority is the official sponsor and organizer of High Point Market and represents all Market constituents. The Market Authority oversees:

- Transportation Including over 330,000 rides annually for participating guests, using
 over 70 vehicles and providing service to 5 cities, 4 counties, and 3 airports (GSO, RDU,
 CLT). Half of all Market guests who fly arrive in Raleigh or Charlotte. Transportation has
 gone from the Market's number one complaint to one of its biggest assets.
- Registration The Market Authority handles registration for all Market attendees, including buyers, exhibitors, press and industry members from over 100 countries, as well as students from universities across the East Coast. Market averages 75,000 registrants each April and October in a typical year.
- Website The Market Authority runs the official Market website, <u>www.highpointmarket.org</u>, which provides online registration, accommodation reservations, exhibitor listings, event calendar, social media tools, and more. The website is continually being updated and improved, and includes microsites for exhibitors and the press. Traffic on the site has continued to grow; during peak months, the website will receive hundreds of thousands of unique pageviews.
- Marketing The Market Authority promotes the Market to the world through advertising, direct mail, email, press releases, social media, telemarketing, and video. During Market, the Market Authority also runs the media center, MediaLink, which is visited by an average of 500 members of the press from print, broadcast and online sources, as well as the International Buyers Center, a business center for our international visitors. We also have partnered with the North Carolina Department of Tourism to develop programs that promote North Carolina as a tourism destination to business travelers who wish to extend their stay before and after Market.
- Onsite Services High Point Market Authority provides info booths throughout the downtown High Point area to assist Market attendees with any questions and to distribute marketing materials such as printed guides and maps. Over 18,000 Market

- attendees were helped with this program this year. We are also continuing to offer a popup that began in the spring of 2018 called "The Point" to serve as more in-depth access point for Market information as well as networking and educational programming.
- Staff Eleven year-round staff members, plus 200+ part-time, temporary workers during Market. Market facilities include information booths, The Point pop-up, center stage area, seminars, food & beverage, International Buyers Center and MediaLink. These are all leased structures. No State funds are used for Market Authority staff or payroll.

FISCAL YEAR 2019-2020 PROGRAMS AND ACCOMPLISHMENTS

All of North Carolina Department of Commerce Funding is used to promote and market the High Point Market. The following is a summary of the marketing program activities, objectives, and accomplishments of the High Point Market in FY 2019-2020.

MARKETING GOALS AND OBJECTIVES

- Solidify the High Point Market brand. The High Point Market brand is well-known internationally. In fact, our marketing outreach has strengthened the brand to such an extent that the top 98 out of 100 keyword searches for the market include the words "High Point."
- Increase attendance. The primary goal of the High Point Market Authority is to attract more buyers. To achieve that:

High Point Market Authority continues to adapt its communication strategy and update the channels and outlets used. Our website is mobile-friendly and new updates are continually being made to our app. Our email communications continue to be refined with targeted messages. We are present and active on all the leading social media channels, interacting with our community and reaching new contacts, as well as developing channel-specific content to be the most effective. The High Point Market app continues to be a useful tool for those planning ahead or needing to access info quickly on the go.

We continue to fine tune our matrix-style rating system to track attendance behaviors of individual buyers, which we are using to target messaging and outreach. Since this system allows us to monitor consistency and frequency of attendance, we are able to know which profiles are attending consistently, which profiles need the extra encouragement, and which profiles are in danger of becoming disengaged. This also allows us to set specific goals in terms of improving the ratings of the profiles in our database.

Tours led by well-known industry experts and partners have proven to be a popular and effective tool for new buyer recruitment and buyer retention. Therefore, we have continued to seek opportunities for this type of programming, implementing several different types of new buyer tours, promoting at-Market tours sponsored by building owners or industry partners, and supporting buyer tours developed by industry associations. These have been temporarily halted due to COVID-19, but we are hopeful they can resume in this next 2020-21 fiscal year.

Our current target population includes prospects who have come to Market in the past but have not returned for several Market cycles as well as the small-medium size retailer whose presence has been diminished due to the current economic climate. Our targeting includes geo-specific prospects that are able to drive to Market while also continuing to target retailers and designers from the West Coast, the North East, South Central and Southwest states. Internationally we are targeting designers and buyers in China, South and Latin America, Russia, and Canada.

Expanded partnerships with other industry associations have given us better marketing lists and updated information about our key buyers, as well as new retailers and designers entering the Market.
